

Change in the ZPE.OKTE.SK – 01/2022 – confirmation of acceptance of guarantees of origin by the account holder

Release 01.01.2022

After initiating the transfer of guarantees of origin (GO), the recipient will receive a notification of the reception of the GOs pending confirmation. The recipient in ZPE / Guarantees of Origin / Transfers sees GOs, which are in the state "Pending confirmation". These guarantees must be approved or rejected within the deadline (7 days) via the button in the operation column:

| ZPE > Certificates > Transfers | | | | | |

| <input type="checkbox"/> | 3 | 481 | Waiting for approval | Domestic | 12/23/2021 |

When the transfer is approved, a confirmation message will appear:

Approve transfer ✕

? By approval of the transfer will be started the processing of received certificates in quantity 150 MWh. You will be informed by e-mail about the operation output. Do you really want to approve the transfer?

After the confirmation, the status of the GO will change from "Pending confirmation" to the status "Equipped", GOs will be added to the account "Active guarantees of origin" and thus the new holder can cancel or transfer these guarantees. The recipient is notified of the reception of ZP.

If the transfer is rejected, a confirmation message will be displayed:

Reject transfer ✕

? By rejection of the transfer will be the transfer closed and the original owner of certificates will be appropriately informed about rejection. This operation is irreversible. Do you really want to approve the transfer?

After confirmation, the status of GOs will change from "Awaiting confirmation" to "Rejected by recipient".

Guarantees awaiting confirmation of transfer are "blocked" **on the part of the sender** during this time.

**Information**

Request for transfer of certificates is processing by the system. Certificates have been temporarily locked for this purpose. You will be informed by e-mail about the status of processing of your request.
